Djavoica Municipality

EXPLOSIVE REMNANTS OF WAR (ERW) ZONES

"Each year large numbers of civilians are killed and injured by "explosive remnants of war". These are the unexploded weapons such as artillery shells, mortars, grenades, bombs and rockets, left behind after an armed conflict." (Source: International Committee of the Red Cross)

HAZARD RANKINGS DISPLAYED

The hazard rankings displayed are based on size and quantity of hazards in ERW zones. Level 1 denotes smaller bomb clusters and landmine areas, where Level 3 denotes larger clusters and areas. While hazards are not weighted by proximity to high traffic and critical areas such as farmland, woodlands and roads, this information has been provided for consideration.
